

STORIES OF THE TALMUD
TAUGHT IN ASL by RABBI ELLEN ROTH

Come learn the wisdom of the Talmud through its stories, beautifully expressed in ASL. The Talmud is a written record of Jewish rabbinic discussions during the time of Jesus and later, and it is rich in stories, laws and ancient wisdom.

You will find these stories rewarding and applicable to your everyday life. This will be the first time these words will be translated into ASL.

Rabbi Ellen Roth is a graduate of Hebrew Seminary of the Deaf, and is an expert on the stories of the Talmud. She will explain their meaning clearly in ASL. The class will be in ASL only, no voice interpreters. Classes are held at:
